

INFORMATION AND COMMUNICATION TECHNOLOGY
HOLIDAY PACKAGE
TERM ONE 2026
SENIOR FIVE

Item one

Scenario:

Imagine a Uganda without mobile money, digital banking, e- learning, government e-services, or mobile communication. Businesses would rely solely on paperwork, students would struggle to access learning materials, and hospitals would manage patient records using manual files. How efficient would communication, education, and financial transactions be?

ICT (Information and Communication Technology) has transformed modern life, making communication faster, business transactions more efficient, and learning more accessible. A team of old men from a certain village are wondering how ICTs have transformed modern life.

Task

As a senior five student of ICT, help the team of old men understand how ICTs (ICT tools) have transformed modern life today in communication, education health and financial transaction.

Item Two

Scenario

A certain school received a new headteacher last year who has a dream of improving academic performance and overall public image of the school. In the headteacher's first meeting with all the staff members and parents. The following concerns were raised; poorly typeset examination papers, inaccurate learner's records, absenteeism among the staff members and mysterious disappearance of school property such as furniture and library books.

One of the parents proposed to the headteacher to use ICT to solve most of the problems. The headteacher, however doesn't know the ICTs the school needs and how to maintain them in good working conditions all the time.

Task

Prepare a document that will provide guidance to the headteacher on which ICTs to choose and advise him on the measures he can take to maintain the ICTs.
